

May 14, 2019

Dear Alex Sangha,

I am writhing to support to bring South Asia International Expo to Bear Creek Park in Surrey, BC. I believe this is a tremendous opportunity to showcase Canadian Multiculturalism and Canadian Values to the rest of the world. This will enhance to promote our culture and diversity which Canadians cherish and believe strongly where we are one despite of our differences in political, religious and cultural beliefs. In today's world, it is so needed so we can be a little more tolerant towards racial hatred and discrimination.

I wish you a very successful event and my very best with this new endeavor.

Sincerely,

Tariq Malik
